Thank you for purchasing our product. Please read the operating instructions carefully before using the product for the first time. If you give the product to a third party, this manual must be handed over with it. Keep the instruction manual for future reference.

The drawings in this manual may not match the physical objects. Please refer to the physical objects.

1. Security Instructions

• **Caution! This handcart is intended solely for the transport of goods.**
Transporting children is strictly prohibited! The design and construction of this product are not suitable for the safe transport of persons. Improper use can lead to serious injuries, especially crushing injuries and falls.
Never allow children to ride in or on the cart or to play with it. Always ensure proper use of the cart to avoid accidents. **Not a toy!** Do not leave children unattended near or with the cart.
• The transport wagon is only suitable for private use and not for commercial use.
• The transport wagon should only be used on firm and level ground.
• The article or the chassis is delivered already assembled. The wagon only needs to be unfolded and the roof mounted. No tools are required.
• The assembly and regular maintenance may only be carried out by adults.
• During operation the wagon should be loaded evenly and balanced to prevent possible accidents.
• If the article or individual parts should be defective, do not use the trolley further. Contact our customer service.
• No changes in material or construction may be made to the product.
• Check the item, especially the wheels, regularly for damage and strength.
• Do not use this product if parts are missing, damaged or worn.
• Never use abrasive or chemical cleaners.
• Do not leave your product in the rain. Protect it from the weather.
• During periods of frost and over the winter, we recommend storing the product in a dry and protected place.

2. Assembly

1. Mount the four wheels using the mounting material supplied and two tools. (e.g. 13mm open-end spanner – not included in the scope of delivery)
2. Unfold the trolley and place it on the wheels.
3. Pull out the roof supports at the corners. You can now put the roof on and fix it in place.

3. Environmentally friendly disposal

Warning Danger of suffocation! Packaging material is dangerous for children. Never let children play with packaging material.

3.1 Disposal of the packaging

- The packaging of your unit consists of materials that are necessary to guarantee effective protection during transport. These materials are fully recyclable and therefore reduce the environmental impact. Dispose of the packaging in a bin for recyclable materials.

3.2 Disposal of waste equipment

- Old appliances must be disposed of in accordance with the guidelines and regulations of the local waste disposal authority. Check with your local administration for the address of the nearest recycling centre and deliver your appliance there.
