Thank you for purchasing our product. Please read the user manual carefully before using the product for the first time. If you leave the product to a third party, this operating manual must be handed over with it. Keep the instruction manual for future reference.

The drawings in this manual may not match the physical objects. Please refer to the physical objects.

1. Safety

- **Attention! This handcart is intended exclusively for the transport of material goods. The transport of children is expressly prohibited!** The design and construction of this product are not suitable for safe passenger transport. **Improper use can lead to serious injuries, especially crushing and falls.** Please never let children ride or play in or on the handcart. Always make sure to use the car as intended to avoid accidents. No children's toys! Do not let children play unsupervised nearby or with the car.
- The handcart is only suitable for private use and not for commercial use.
- The handcart should only be used on firm and level ground.
- The article or chassis is delivered already assembled. The car only has to be unfolded and the roof mounted. It does not require any tools.
- Installation and regular maintenance may only be carried out by adults.
- The handcart should be loaded evenly and evenly during operation to prevent possible accidents.
- If the item or individual parts are defective, do not continue to use the cart. Contact our customer service.
- No material or construction changes may be made to the product.
- Check the item, especially the wheels, regularly for damage and strength
- Do not use this product if parts are missing, damaged or worn.
- Never use abrasive cleaners or chemical cleaners.
- Do not leave your product out in the rain. Protect it from the elements.
- In times of frost and over the winter, we recommend storing the item in a dry and protected place.

2. Construction

2.1 Overview of variants

	Standard	Premium
Hinged lock	yes	yes
Brake	yes, on the front axle*	yes, on both axes
Wheels	wide, off-road	narrow, road
Telescopic pole	No, fixed length	Yes, variable
Connecting rod	no	yes
Resilience	100kg	100kg

*Wheels can be rotated on the front axle

2.2 Assembly

The assembly can be done without tools. Depending on the variant, this guide may vary slightly. Check the car for damage and completeness in advance.

1. Remove the handcart from the packaging and the transport bag
2. Open the lock on the side or top (for standard variant)
3. In the Standard and Luxury variants, the rear wheels have to be pushed outwards or folded. Unfold the handcart completely and place the cart on its wheels.
4. Under the handcart, a Velcro fastener is attached to the middle crossbar.
5. Pull (or push and turn) the roof supports out at the corners. You can now put the roof on and fix it. To do this, insert the roof pole through the tab at the corner of the roof.

*Image may vary depending on variant

3. Environmentally friendly disposal

Warning: Choking hazard! Packaging material is dangerous for children. Never let children play with packaging material.

3.1 Disposal and packaging

- The packaging of your device is made of materials necessary to guarantee effective protection during transport. These materials are fully recyclable and thus reduce the environmental impact. Dispose of the packaging in a bin for recyclable materials.

3.2 Disposal of old equipment

- WEEE must be disposed of in accordance with the guidelines and the regulations of local waste disposal. Contact your local administration about the address of the nearest recycling center and deliver your device there.
