# 1 Safety

## 1.1 Explanation of the symbols

**Warning!** Read the safety instructions carefully. Failure to follow safety precautions may result in serious injury or damage. Keep the instruction manual in a safe place.

Note: For safety reasons, wear work gloves during assembly!

Be careful when using this product.

## 1.2 Intended use

- This raised bed is intended for private outdoor use, e.g. in gardens, on terraces or balconies. Any other use is not intended and can entail considerable risks. The manufacturer assumes no responsibility for improper use. The product is intended for normal domestic use.

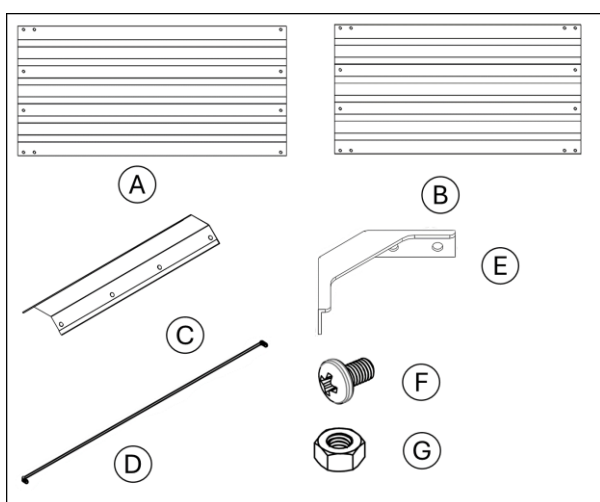

## 1.3 General safety instructions

- Please keep all safety guidelines and instructions for future reference. Make sure that all documents are passed on to the person to whom you are handing over the product.
- Warning! Risk of injury or choking in young children
- Keep packaging materials out of the reach of children as there is a risk of choking. Make sure that both the packaging and the product are kept safely away from children.
- Caution! This product is not a climbing frame or toy
- Do not allow children or other persons to climb or play with the product, as it could tip over and cause injury.
- Do not sit or stand on the product.
- Use the product only as intended to avoid accidents or damage.
- Wear gloves and goggles during assembly to protect yourself from sharp edges.
- For safe handling, it is recommended that two people help with the assembly and moving of the product.
- Make sure the assembly area is free of children and pets to prevent accidents.
- Check all parts for damage or defects before starting assembly. Do not use damaged parts.
- Mount the product on a flat, stable surface to ensure proper alignment and balance.

- Be careful when handling the parts, especially with sharp edges. File off sharp edges if necessary.
- Follow the instructions closely to ensure safe and correct construction.
- Do not fully tighten the screws or nuts until the assembly is complete.
- Once assembled, check the stability of the product and make sure all screws and nuts are tightened before adding soil or loads.
- Check the raised bed regularly for signs of wear and tear. Tighten loose screws and check for rust or damage, especially if the product is used outdoors.
