AREBOS

- Thank you for purchasing our product.
- Please read this manual carefully before using the product and keep it in a safe place for the future.
- The illustrations in this manual may differ from the actual product. Please refer to the physical product.

1. Intended use

- Designed for gardening and landscaping.
- Suitable for home gardens, vegetable beds, flower beds, tree slices and walkways.
- Allows air, water and nutrients to penetrate the soil.

2. Safety instructions

⚠ WARNING! Choking hazard for children!

Do not allow children to play with the product or packaging materials unsupervised.

- Plastic film can cause suffocation. Keep the packaging away from babies and children.
- This product is not a toy.
- Do not use near open flames or high temperatures.
- Avoid the risk of tripping: Make sure that the fleece is laid flat and securely.
- Be careful when handling sharp tools to avoid injury.

3. Assembly and use

- **a.** Prepare the substrate: Remove all weeds (especially root weeds), stones and dirt. Level the ground.
- **b.** Cutting and laying: Roll out the fleece, cut to the desired size, overlap the strips by 10-15 cm.
- **c.** Fix: Attach every 30-50 cm along the edges and seams with ground anchors. If necessary, set additional anchors in the middle.
- **d.** Planting: Small "X" cuts (5-8 cm)

Weed Barrier

, fold back the flaps, insert the plant, cover with soil and press the flaps back on.

- **e.** Cover (optional): Cover with bark mulch, gravel or stones, for a clean look and UV protection. Do not apply soil, otherwise weeds could grow on it.
- **f.** Finish: Water thoroughly after installation. Place stepping stones in sidewalks or heavily used areas.

4. Technical data
